- Access to your luggage every evening depending on the option chosen
- Access and return facilitated via Quillan

Strong points

- Walk in the heart of the Cathar country, between castles, vineyards and gorges
- Discovery of the Cathar castles of Quéribus, and Peyrepertuse
- Crossing the Galamus gorges and his hermitage
- Mystic villages of Bugarach and Rennes-le-Château
- A friendly welcoming in the different accommodations

Between the Pyrenees and the Mediterranean Sea, in the heart of the sunblessed region of the Corbières, you will find the imposing, mystic stone castles of the châteaux Cathares. These castles represent a tragic, political and religious intrigue that shook the South of France and marked the region. During the week's walking, you will discover landscapes of immense natural beauty, lush valleys and rolling hills. You will discover an interesting page of France's History along with some good local food and wines. The trails pass through a whole variety of terrain, each day is different, the vegetation, the 'garrigue', is fragrant and often full of colour. Your itinerary follows the 'Cathar Trail', a footpath that stretches from Quéribus to Quillan. This one week's walking represents the first half of the trail. We also propose Quillan to Foix which completes the route. The Cathare footpath can be walked separately, or linked together to become a two week walk.

A narrow road passes through the gorge at mid level, half way up the cliffs, it was built in 1884. Halfway along the route, the site of Rennes-le-Château will surprise you, with its exceptional location and its mysteries due to the tumultuous life of Abbé Saunière in his days. You will then reach the peaceful hamlet of Pailhères.

The size of your bag varies upon the type of activity.

For a walk without portage : 30L minimum

Whatever activity you participate in, you should always carry in your rucksack:

- Rainwear, warm clothing, spare T-shirt, sunglasses, sun cream, first aid kit, picnic kit, personal items, etc.
- Picnic lunch of the day (bring a plastic box)
- Sufficient water (minimum 1.5 litre water bottle)

Walking Boots

The type of boot depends upon the activities you take part in, however they are one of your most important items. They should be comfortable, waterproof and breathable. For the best protection we advise ankle boots.

We recommend our young walkers to wear flexible walking boots with a good sole and back.

For mountain walking for more than 4 hours long we recommend a boot with a fairly ridged sole.

If you need to buy a new pair of boots, we advise you wear them in before the start of your holiday. Don't wear boots that are too small because feet have a tendency to swell up. Be careful with your shoes that have been left in the wardrobe for too long. The lifespan of a shoe is 2 to 5 years. After a while the soles will come off and the seams can tear.

- A wind and rainproof jacket
