This accessible hiking tour takes you to the foot of the Basque Mountains! Discover the incredible variety the Basque Country has to offer, making it a much-loved destination you'll never tire of. Ocean, mountains, lush valleys—the natural beauty here is stunning... This trip is also an opportunity to experience an exceptional cultural identity, walking along the coast where surfers and fishermen share the waves, and then following in the footsteps of pilgrims from around the world who start their journey in Saint-Jean-Pied-de-Port. The hikes have been carefully selected to showcase the Basque Country in all its facets. Your guide, a Basque specialist, will introduce you to this rich culture and ensure you visit must-see sites, such as classified villages and the magnificent Spanish Basque coastline.

This tour also emphasizes local products. Visits and tastings directly at producers' locations are planned at the end of each hike. Irouléguy wine, sheep's cheese, Espelette pepper, veal axoa—already making your mouth water ?

Finally, the accommodation is a highlight of this trip : just steps from the classified town of Saint-Jean-Pied-de-Port, our 3-ears guesthouse is run by Jean and Mathieu, the founders of RESPYRENEES, with the help of their parents Josiane and Jean-Michel. Guests enjoy free access to the pool, spa, and outdoor spaces perfect for relaxation, as well as a gourmet table where local products are lovingly showcased.

•PROGRAM

Day 1 : Start of the Trip in Saint-Jean-Pied-de-Port

Meet your guide at 3 :25 PM at Saint-Jean-Pied-de-Port train station (or at 3 :30 PM at the accommodation at the earliest for those arriving by car—by then the whole family will be resting ☺). Drop off your belongings at our accommodation, then set off on foot to “stretch your legs” after the train or car journey.

The program includes a walking tour through Saint-Jean-Pied-de-Port, the capital of the inland Basque Country, listed among the Most Beautiful Villages of France : Vauban citadel, ramparts, church, Roman bridge... We will then return on foot to the accommodation. Settle into your guesthouse for the week, featuring a pool and spa. Welcome drink and briefing on the rest of the stay.

Note : Late arrivals are possible : you are welcome even if your car or train journey prevents you from joining us at 3 :25 PM (see the “Meeting Point & End of Stay / Practical Info” section).

- Distance : 4 km, duration : 2h00, ascent : +100m, descent : -100m

Day 2 : Warming up in the surrounding valleys, followed by an AOP Irouléguy wine tasting

For this first full day, there are several options: the hike can start on foot from our accommodation or from the Ispéguy border pass. Two fairly easy hikes allow the guide and the group to get to know each other. One route ascends the slopes of Jara (812m), offering a magnificent viewpoint over the Pyrenees and surrounding villages ; the other is at the foot of Autza (1305m), overlooking the Baztan and Baigorri valleys. After the hike, we will head to the village of Saint-Étienne-de-Baigorri **to meet a couple of independent organic winemakers who will let us taste their production.**

- Distance : 10 to 15 km, duration : 5h00, ascent : +500m, descent : -500m

Day 3 : Camino de Santiago and pastoral life

Today, we head to the heights of Saint-Jean-Pied-de-Port, along the Camino de Santiago. We will immerse ourselves in this legendary route, just like the thousands of pilgrims who, for centuries, have journeyed from all over the world to undertake this trek. After glimpsing the rooftops of the Roncevaux Monastery from the Lepoeder Pass (1430m), we will leave the Camino behind and enter a completely different world : the high pastures and pastoral life.

A shepherd will welcome us to introduce his sheep's cheese, which he makes every day during the summer in his mountain hut, right after the milking.

At the end of the hike, free time in Saint-Jean-Pied-de-Port, a classified village located on the Camino de Santiago.

- Distance : 13 km, duration : 4h30, ascent : +385m, descent :

-325m. Transfer : 25 minutes each way.

Day 4 : Crossing into Spain via the stunning coastal trail

You can't hike for a week in the Basque Country without breathing in the ocean air! So, we head into Spain (Southern Basque Country). Overlooking the Bay of Txingudi, which separates Hendaye from Hondarribia at Spain's far northwest tip, Mount Jaizkibel, a coastal mountain rising to 545m, welcomes us on its slopes to soak in the sea breeze so cherished by the Basque people, traditionally fishermen and great travelers... We then hike at the western end of the Pyrenees, where ocean and mountains merge into breathtaking landscapes of forests, heathlands, and coastal cliffs. A true snapshot of the Basque Country !

This excursion into Spain will also be an opportunity for your guide to introduce you to Txakoli, a white wine produced along the Spanish Basque coast. Note : Today, the transfer to

our hiking starting point is a bit long, but it's well worth it !

- Distance : 9 km, duration : 4h, ascent : +250m, descent : -400m. Transfer : 1h15 each way.

Day 5: Ascent of Larla

Larla (705m): Despite its modest height, the viewpoint from the summit is stunning, facing the legendary Iparla ridges with the ocean in the distance. We will set out to discover the many secrets this mountain has to offer.

- Distance : 10 km, duration : 4h, ascent : +500m, descent : -500m. Transfer : 20 minutes each way.

This day will also be an opportunity to discover the secrets of Basque pig farming, with a stop at one of our local producers, renowned for their charcuterie.

Day 6 : Iraty : GR10, forests, and high mountains

Today, to end the week in style, we gain some altitude! We head up to Iraty, with views opening onto the High Pyrenees. Forests, high pastures, and vast landscapes are on the agenda. We will occasionally follow the GR10, the transPyrenean trail that connects the Atlantic to the Mediterranean in... 40 days. Since we're here for enjoyment, we will only walk a few hours at a gentle pace, which may give us the chance to spot some chamois, reintroduced in the Escaliers Massif (1472m).

We will take advantage of the stunning mountainous setting of the Iraty forest to enjoy a convivial meal around a barbecue : lamb, grilled camembert... and, above all, good cheer will be on the menu for this final lunch together !

Weather is unpredictable, we will enjoy lunch in a cozy little inn instead.

- Distance : 11.5 km, duration : 5h30, ascent : +530m, descent

: -510m. Transfer : 35 minutes each way.

Day 7 : End of your stay

The stay concludes after breakfast. For those who arrived by train : transfer to Saint-Jean-Pied-de-Port station, arriving around 9 :15 AM (train departure at 9 :38 AM).

The programs have been prepared based on the latest information available at the time of writing; unforeseen circumstances may arise, and situations beyond our control could alter the schedule. On-site, our guides are the best judges and may adjust the itinerary depending on the weather or if the group's safety requires it.
