This trip, located in the southern part of the Pyrenean range (on the Spanish side), between Navarre and Aragon, will allow you to discover landscapes as surprising as they are unforgettable. In these regions where the sun reigns supreme, the trails and tracks seem made for mountain biking. With electric-assist bikes, we'll be able to explore as many must-see spots as possible.

From the western movie landscapes of the incredible Bardenas Desert, through the rolling tracks of the Aragonese Sierras, to the green hills of the Basque coast — you won't want to stop pedaling! We'll also take advantage of our rides to visit symbolic cultural sites steeped in history, such as the splendid Loarre Castle.

These regions, recognized across Europe for mountain biking, offer above all spectacular and unique scenery, with colors and geological formations that will amaze you. After our sunny cycling days, we'll rest in comfortable accommodations, hotels with spa and pool overlooking the stunning Mallos de Riglos, and enjoy dinners in typical Spanish restaurants, all in a warm, friendly atmosphere.

To end the trip on a high note, we'll enjoy a refreshing swim on the Spanish Basque coast and relax in lively tapas bars for a perfect closing moment.

•PROGRAM

Day 1 : Start of the trip in Hendaye

Meet at 5 :30 PM at Hendaye train station and transfer to the Bardenas (2 hours). Check-in at our accommodation on the edge of the Bardenas Desert. Trip briefing followed by dinner in town.

Day 2 : Exploring the Bardenas Desert

Starting from our accommodation, we'll set out to explore the Bardenas Reales. Gradually, we'll immerse ourselves in these fascinating and spectacular landscapes. Riding on easy trails, we'll traverse this unique scenery of fairy chimneys, bare hills, and ravines illuminated by a light that perfectly highlights the beauty of the arid land. We'll pass the iconic Castil de Tierra and then wander through the vast, wild canyons of southern Bardenas. This first day is technically easy, allowing you to refine your mountain biking skills with guidance from the guide.

- Distance : 60 km, ascent : +380 m, descent : -380 m, no transfers

Day 3 : Tour of Peñaflores castle and Barranco Grande

Starting from our accommodation, we'll head out to enjoy more mountain biking in the Bardenas, exploring a variety of landscapes and playgrounds. Among the Aleppo pines, we'll ride around the impressive Peñaflores Tower, a testament to human presence and the strategic importance of this desert in Navarre's history. We'll climb to the cultivated high plateau of El Plano before descending into the Barranco Grande, where the actively eroding landscape surprises us with its beauty at every turn. We'll ride on easy trails, paths, and single tracks to fully enjoy the pleasures of mountain biking.

- Distance : 54 km, ascent : +600 m, descent : -600 m, no transfer in the morning, 1h30 transfer in the evening

Day 4 : Loarre Castle and the Mallos de Riglos

We'll completely change landscapes to explore the vast Aragonese Sierras and their spectacular conglomerate cliffs. Let's head to Loarre Castle, one of the finest examples of Romanesque fortification in Spain, built in the 11th century at the height of the Kingdom of Navarre. After a rewarding climb, we'll overlook the Aragonese plain. Depending on the group's level, we'll enjoy some thrilling descents through stunning scenery. Finally, we'll reach the Mallos de Riglos — a fascinating spectacle where the dance of vultures dominates over climbers from around the world, drawn to scale these legendary sun-drenched walls.

- Distance : 46 km, ascent : +1,065 m, descent : -1,065 m, no transfers

Day 5 : Mallos de Agüero

Less known and more intimate, the Mallos de Agüero offer some stunning visual surprises ! We'll leave the hotel via beautiful trails and charming single tracks to ride around these towering conglomerate monoliths above the village. Let's enjoy the scents and scenery dotted with almond trees before heading to the Basque coast and the ocean !

Transfer to Hendaye and the beaches of the Atlantic Ocean.

• **Distance : 30 km, ascent : +900 m, descent : -900 m, no transfer in the morning, 2h30 transfer in the evening**

Day 6 : Camino de Santiago and coastal walk

We'll cross the border to explore the old quarters of the beautiful fortified town of Hondarribia. We'll follow the Camino de Santiago (Camino del Norte), climbing the slopes of the Jaizkibel massif to enjoy a magnificent panorama over the Bay of Biscay and the Basque coast beaches. On terrain very different from the previous days — grassy meadows and oak forests — we'll descend dramatically toward the Atlantic Ocean on a stunning ride. Before leaving, we'll enjoy a final convivial tapas meal in the heart of Hondarribia's old fishing quarter and make a stop at the beach for a swim.

• **Distance : 23 km, ascent : +525 m, descent : -525 m**

End of the trip

After lunch and the beach stop, transfer to Hendaye train station. Arrival on site at 3:30 PM.

The programs have been prepared based on the latest information available at the time of writing; unforeseen events may occur, and circumstances beyond our control may affect the itinerary. On site, our guides are the best judges and may modify the route depending on the weather or if the group's safety requires it.

End of the trip :

Day 6 around 3 :30 PM, after transfer to Hendaye train station

•TECHNICAL INFORMATION**Supervision**

A mountain guide with MTB qualification. Our team consists of specialists from the Basque Country who know the region very well.

Level 2/5

Sportingly easy but technically moderate. The route is somewhat technical, requiring occasional mountain biking experience. The e-MTB greatly facilitates progress.

Mountain biking requires good physical condition as well as technical skills for both ascents and descents. The electric assistance eases the effort on climbs but does not replace mastery of balance and lines on descents. The guide provides valuable advice and can adjust the itinerary based on the group's level and the abilities of all participants if necessary.

Carrying

Only personal items for the day, your picnic, and enough water. Luggage is transported by vehicle. Plan for a lightweight bag that is easy to carry (see our equipment advice).

•ACCOMMODATION / MEALS**Accommodation**

Full board

2 nights in a hotel* at the entrance of the Bardenas, in Valtierra: <https://www.lasbardenas.com/es/>

2 nights in a 4-star spa hotel**** in Murillo de Gallego: <http://www.hotelaguasdelosmallos.com/es/inicio>
